Notwithstanding anything to the contrary, in the event Customer's actual power usage exceeds the Max Allowed Ramp kVA or kW amount listed above, before the next Start Date, Equinix will increase the power capacity to the next Max Allowed Ramp kVA or kW and increase the Monthly Recurring Charges accordingly.

TERMS AND CONDITIONS

1. INTRODUCTION

This Replacement Order is governed by and incorporated by reference into the applicable Master Country Agreement or other similar agreement between the Parties ("Agreement").

EQUINIX ORDER

Capitalized terms used but not defined in this Replacement Order shall have the meaning ascribed to them in the Agreement or shall refer to the values listed at the top of this Order.

This Replacement Order replaces and supersedes the Order(s) referenced below (including any Online or Phone Orders related to or incorporated by reference into such Order(s)) and will, as applicable, add those new Products detailed in Section A, terminate the Products detailed in Section B and amend the Products detailed in Section C as further detailed above from the Effective Date stated in the relevant Section.

Unless otherwise stated by this Replacement Order, the Products in the Order(s) detailed in Section D remain(s) unchanged.

2. DEFINITIONS

'Effective Date' as used in this Order shall be:

- For Section A: Product Additions, the date stated above on which the addition to the Licensed Space and Services takes effect or, if no such date is stated above, then the date the Licensed Space is provided or the Services are delivered;
 - For Section B: Product Deletions, the date stated above on which the termination of the Licensed Space and Services takes effect;
 - For Section C: Product Changes, the date stated above on which the change to the Licensed Space and Services takes effect;
- or, if no such date is stated above, then the date the Licensed Space is provided or the Services are delivered of this Replacement Order.

'Products' as used in this Order may also be referred to as Licensed Space and Services.

PRODUCT TERMS

Additional terms and conditions applicable to the Products listed above can be found at the following URL: <http://www.equinix.com/resources/product-documents> and are incorporated by reference into this Order.

3. INITIAL TERM & RENEWAL PERIOD

The Initial Term will commence on the Effective Date and will remain in effect for the Initial Term.

After the Initial Term, the term will automatically renew for the Renewal Period unless either Party terminates the Order by providing written Non-renewal notice prior to the end of the then-current term to the other Party in which event this Order will terminate at the end of the then-current term.

4. POWER LIMITATIONS

EQUINIX ORDER

The maximum amount of electrical power that Customer may draw is stated above as Draw Cap or Qty/UoM in kVA or kW ("Draw Cap"). Customer may not draw more power than the Draw Cap. Equinix will install new metering systems in Customer's Licensed Space free of charge to be able to receive precise readings from the circuits, enabling both Equinix and Customer to monitor the percentage of contracted power being utilised. Installation will be scheduled in collaboration with the Customer.

If Customer exceeds the Draw Cap, Equinix will notify Customer and Customer must reduce power draw to be equal to or less than the Draw Cap within 72 hours (or as otherwise agreed) or Equinix may, in its sole discretion, either charge Customer for the power overage at a maximum of twice the MRC/kVA rate for Licensed Space and power Services above, or suspend Customer's power Services to return to Draw Cap compliance.

5. PRICE AND PRICE INCREASE

Customer will pay the Fees for the Licensed Space and Services from the Effective Date.

Notwithstanding anything in this Order to the contrary, all Fees for those Products in the Price Increase Terms may be subject to the Price Increase with effect from the date stated in the Price Increase Terms and every twelve (12) months thereafter, except where a change in Equinix's direct electrical supply costs exceeds the Price Increase value listed below then Equinix may change the Fees for power Services by such increased cost.

Equinix conducts a yearly power service price review and in the event that Equinix has a long-term outlook of a material decrease in its direct electricity cost, Equinix may apply a programmatic price adjustment and provide Customer with information pertaining to programmatic reductions otherwise executed by Equinix.

Non Standard Metered Power Billing Terms

The billing type for the product is Non Standard.

Price Increase Terms	
Price Increase Notice Period(Days)	30
First Price Increase Applicable After	12 months
All Products Price Increase %	3%
Renewal Price Increase Terms	
All Products Price Increase %	3%

Equinix reserves its right to delay any Effective Date for the Licensed Space and Services under this Order unless Equinix receives a signed copy of this Order before the Effective Date stated above.
